The benefits that home care can bring to our clients

MEET THE FOUNDERS

JANINE DY

Janine is a Master's Degree holder in Occupational Therapy trained in the Philippines and in Australia, mainly in the field of Rehabilitation, Neurology and Geriatrics. She is currently the Program Director for InterCare Life Skills Center.

JESSAMINE LIM

Jessa is a Nurse by profession and has worked in Canada as a community disability worker for 2 years. She came back to the Philippines to establish ComCare with the help of her partners in the industry.

TATIANA ICAMEN

Tatiana is an Occupational Therapist by profession and a business graduate in Australia. Aside from being a hands-on mom to her daughter, her passion also lies in health & wellness and is on her way to becoming a holistic health coach.

ABOUT US

We started out as a group of internationally trained healthcare professionals with a passionate drive to exceed expectations in the healthcare industry.

Having worked as Occupational Therapists and Nurse, we noticed that treatments could be more effective if they are not just limited in one physical context. We realized that clients thrive and are more functional if such treatments are performed continuously in their own natural environment, their homes.

Being the first staffing agency in Cebu of allied health professionals, we've worked to deliver the best possible home care services for the community.

VISION

To define and deliver the gold standard of home care
and set the standard for compassion and innovation in
the Philippines.

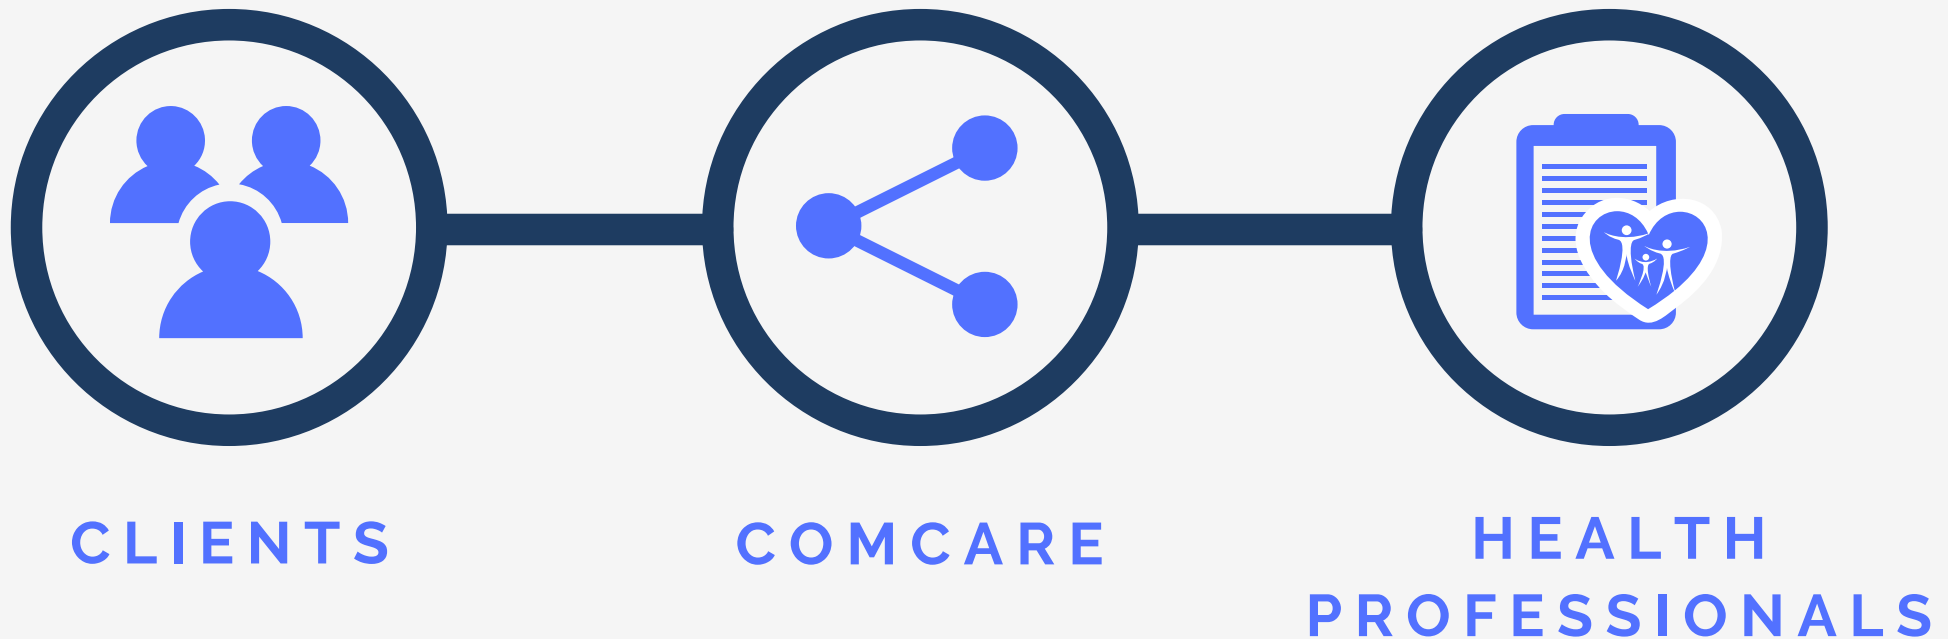

MISSION

It is our mission to serve you well.

To improve the well-being of patients and communities by delivering client and family centered health care at the comforts of their homes (or hospital room).

PROCESS

We bridge the gap between the community and our team of expert allied health professionals

SERVICES

PHYSICAL & OCCUPATIONAL THERAPY

Our Physical and Occupational Therapists work with you to regain your independence by helping you perform activities of daily living, improve and restore mobility and muscle strength.

SPEECH THERAPY

By working with your physician to create a goal-oriented treatment plan, our speech therapists help restore your communication skills and abilities such as eating and swallowing to improve your way of life.

CAREGIVER

Responsible for ensuring continuity of care, our compassionate and trusted caregivers will help you with your basic needs. From home management to helping with your personal hygiene and more, they will keep you company and make sure you are well taken care of.

NURSE

Focused on the patient's needs, our licensed and experienced home health nurses will provide you with a daily multidimensional care at the comfort of your own homes. They coordinate with other health care providers in order to give you the best care plan possible.

RATES

NURSE	110 per hour
CAREGIVER	55 per hour
MIDWIFE	70 per hour
OCCUPATIONAL THERAPIST	600 per hour
PHYSICAL THERAPIST	600 per hour
SPEECH THERAPIST	800 per hour

Home Care Benefits

1. Comfort

The patient is able to stay in the place that is most comfortable and familiar to them

2. Personalized Care

Home care is customized to fit the family's needs

3. One-on-one Attention

Allows the patient to be the primary focus of the allied health professional

4. Faster Recovery

Research shows that patients recover from surgery and illness faster and more successfully in the comfort of their home

5. Cost Effectiveness

Because home care rates are charged by the hour, there's a lot of flexibility when it comes to the patient's out of pocket expense

6. Peace of Mind

The patient and his family won't have to worry about being alone or getting injured

7. Independence

The patient will be able to keep control over many aspects of their daily life

8. Family Involvement

The patient's family will have a direct line of communication with the health professional and provide them with updates regarding treatment and care

*"We make a living by what we get. But we
make a life by what we give."*
